Pacific Global Health Conference

June 19—21, 2007
Hawai‘i Imin International Conference Center At The East-West Center
Honolulu, Hawai‘i
Many thanks to the Conference Steering Committee, staff and volunteers who have made this event possible.

Conference Steering Committee

Nia Aitaoto, Papa Ola Lokahi/Hawaii Public Health Association
Nina Agbayani, Association of Asian Pacific Community Health Organizations
Ron Balajadia, Pacific Island Health Officers Association
Kim Birnie, Papa Ola Lokahi/Hawaii’i Public Health Association
Lee Buenconsejo-Lum, John A. Burns School of Medicine, University of Hawai’i
Talita Bowen, Hawaii’i Aids Education and Training Center, University of Hawai’i/Hawaii’i Public Health Association
John Casken, School of Nursing and Dental Hygiene, University of Hawai’i
Clifford Chang, Pacific Islands Primary Care Association
Greg Dever, Bureau of Hospital and Clinical Services Ministry of Health, Republic of Palau
Laurent Duenas, University of Guam
Mark Durand, Consultant
Michael Epp, Pacific Island Health Officers Association
Sitaleki Finau, Massey University, Auckland, New Zealand
Rachel Flores, Pacific Public Health Training Center, UCLA School of Public Health
Jamila Fonseka, Division of Cancer Control, CDC
Paul Giannone, National Center for Environmental Health, CDC
Laura Hamasaka, American Legacy Foundation
Christina Higa, Telecommunications and Information Policy Group, University of Hawai’i
Colleen Hughes, American Public Health Association PHN Nurse Planner
Jana Lindsey, Shriners Hospital, Honolulu
Jay Maddock, Office of Public Health Studies, University of Hawai’i
Kristen McCall, Office of Global Health, CDC
Deane Neubauer, Emeritus Professor of Political Science, University of Hawai’i
Gerald Ohta, Hawaii Department of Health/Hawaii Public Health Association
Sela Panapasa, University of Michigan
Lorrin Pang, Maui District Health Office, Hawaii’i Department of Health/Hawaii’i Public Health Association
Maria Pangelinan, University of Guam
Marguerite Ro, Asian & Pacific Islander American Health Forum
James Rarick, NCI’s Cancer Information Service, Pacific Region/Hawaii’i Public Health Association
Karen Siener, Office of Smoking and Health, CDC
Hardy Spoehr, Papa Ola Lokahi
Cathy Wasem, Office of Public Health and Sciences, DHHS
Captain John Walmsley, Office of Public Health and Sciences, DHHS
Sheila Walsh, Hawaii’i/Pacific Basin Area Health Education Center, John A. Burns School of Medicine, University of Hawai’i/Hawaii Public Health Association
Kawen Young, California Native Hawaiian and Pacific Islander Coalition

For their leadership and support for this conference, special thanks to:

National Cancer Institute’s Cancer Information Service, Pacific Region
Hawaii’i/Pacific Basin Area Health Education Center of the John A. Burns School of Medicine, University of Hawai’i

**Evening Panel Presentation:**
Where is Public Health Education Going in the Next Five to Ten Years?
Monday, June 18, 2007, 5:30—7:30 pm
Ala Moana Hotel in the Anthurium/Pakalana Room

Moderator:
John Casken, RN, MPH, PhD, Director of Office of International Affairs, School of Nursing & Dental Hygiene, University of Hawai‘i

Panelists:
Jay Maddock, PhD, Director, Office of Public Health Studies at University of Hawai‘i
Dave Dyjack, DrPH, CIH, Dean, Loma Linda University School of Public Health
Jeffrey Oxendine, MPH, MBA, Associate Dean, Public Health Practice at UC Berkeley School of Public Health
Mike Prelip, MPH, DPA, CHES, Assistant Professor, Department of Community Health Sciences at UCLA School of Public Health
Robert L. Seidman, PhD, Associate Director, Graduate School of Public Health, San Diego State University, Pacific Public Health Training Center

Sponsored by
Pacific Public Health Training Center

Please RSVP: to Valerie Yontz at vyontz@hawaii.edu, or call (808) 956-5771 to confirm attendance (leave a message). Open to all conference attendees and interested people.
On behalf of the Hawai‘i Public Health Association I wish you a warm aloha and welcome to the fourth biennial Pacific Global Health Conference (PGHC). I hope that our conference program will provide you with opportunities to expand your knowledge and your networks with other participants who share a common commitment to improving public health in the Pacific Islands, and beyond.

I would like to take this opportunity to acknowledge the support of the PGHC Steering Committee and our many regional, national and international partners who have provided their time, expertise, and resources to develop the conference agenda. I am especially pleased to acknowledge our Co-sponsor for this year’s conference, the Asian Pacific Islander American Health Forum. This new partnership has helped to expand the scope of our agenda to include critical health issues for Native Hawaiian and other Pacific Islanders living on the continental United States, as well as in the Pacific.

Some of these health issues are unique to specific settings, while others can be cross-cutting for Pacific Islander communities in many different settings and localities. The Conference Steering Committee has attempted to put together a program that will both inform and provide opportunities for the audience to give additional input on the development of effective and appropriate strategies that can lead to improved health for Pacific Islanders, wherever they may live.

I also want to take this opportunity to acknowledge and thank our many invited speakers, as well as the many individuals who contributed original abstracts for oral and poster presentations. We are once again pleased to be able to offer continuing education credits for many of the presentations on the program, provided by the American Public Health Association’s Professional Education Unit. I hope you will enjoy and make the most of your participation in this year’s conference.

Sincerely,

James Rarick, MPH
President, HPHA
On behalf of the Asian & Pacific Islander American Health Forum, I welcome you to the 2007 Pacific Global Health Conference. We are honored to co-sponsor with the Hawai’i Public Health Association this very important conference with a special focus on health and wellness for Native Hawaiians and Pacific Islanders.

This meeting brings together educators, policymakers, and health practitioners from across the Pacific region and the U.S. to share ideas and strategies that can lead to improved health for Pacific Islanders. The conference program has been designed to build upon the previous efforts set forth by the Asian & Pacific Islander American Health Forum and helps move forward our mission to enable Asian Americans, Native Hawaiians and Pacific Islanders to attain the highest possible level of health and well-being.

There are multiple layers to the health issues that face Native Hawaiians and Pacific Islanders. The Pacific Global Health Conference will attempt to uncover these layers with a rich and diverse program agenda that addresses domestic violence, workforce training and development, fiscal management to HPV vaccine, data collection, the impact of global warming and the challenge of equity and social justice.

What is also important is the reporting back of findings of the 2007 Summit Native Hawaiian and Other Pacific Islander Health Track in San Jose and the Southern California town hall meeting with a response panel from the Pacific Islands so that action plans will formulated.

It is our hope that what is learned over the duration of the conference, as well as the networking of organizations and community partners will lead to a better understanding of the health issues faced by Native Hawaiians and Pacific Islanders and how to move forward in improving and promoting their health.

Sincerely,

Ho Luong Tran, MD, MPH
President & CEO
Asian & Pacific Islander American Health Forum
MESSAGE FROM MAYOR MUFI HANNEMANN

I am pleased to send warmest aloha to the distinguished healthcare professionals, researchers and educators gathered at your 2007 Pacific Global Health Conference. Mahalo to the Hawai‘i Public Health Association for organizing this biennial three-day conference and to the Asian Pacific Islander American Health Forum for co-hosting this year’s event.

I commend this august group for your outstanding work in bringing together academics, educators, policymakers and practitioners from the Pacific region to share ideas and discuss specific issues unique to our geographic area. This conference is especially meaningful because it facilitates opportunities for professionals to communicate and network and share effective strategies and unique applications.

Our city is delighted to host your conference and invite everyone to discover our island’s spectacular natural beauty, friendly aloha spirit and many visitor attractions.

On behalf of the people of the City and County of Honolulu, I extend best wishes for a productive and enjoyable event.

Mufi Hannemann
Mayor
City and County of Honolulu
Continuing Education Credits for CME, CHES and CNE

Continuing education credits are being offered for many of the PGHC educational activities. Please consult your program for information on which sessions will be offering these credits.

APHA/PHN CEPU is accredited as a provider of continuing nursing education by the American Nurses Credentialing Center’s Commission on Accreditation.

This activity is being co-provided between the American Public Health Association and Hawai’i Public Health Association.

APHA is accredited as a provider of continuing education by the National Commission for Health Education Credentialing.

This activity has been planned and implemented in accordance with the Essential Areas and Policies of the Accreditation Council for Continuing Medical Education through the joint sponsorship of the American Public Health Association and Hawai’i Public Health Association. The American Public Health Association is accredited by the ACCME to provide continuing medical education for physicians.

Designation Statement: APHA/PHN has designated this educational activity for a maximum of 14.75 AMA PRA Category 1 Credit(s)™.

DISCLOSURE STATEMENT

The Hawai’i Public Health Association strives to ensure balance, independence, objectivity and scientific rigor in all of their educational programs. All faculty members participating in this program have been required to disclose any real or apparent conflict(s) of interest that may have a direct bearing on the subject matter of this program. This includes relationships with pharmaceutical companies, biomedical device manufacturers or other corporations whose products or services are related to the subject matter of the presentation topic. The intent of this policy is to identify openly any conflict of interest so that the students may form their own judgments about the presentation with the full disclosure of the facts. In addition, faculty is expected to openly disclose any off-label, experimental or investigational uses of drugs or devices in their presentations.
PROGRAM FOR TUESDAY, JUNE 19, 2007

KEONI AUDITORIUM

8:30-8:45 am – Hawaiian Welcoming Ceremony and Pule

8:45-9:00 am—Welcome Address

The Honorable Mufi Hannemann, Mayor of the City and County of Honolulu, Hawai‘i

9:00-10:30 am - Plenary Session on Workforce Training and Development

Panel Speakers:
Steven Baxendale, MS, Technical Officer for Pacific Open Learning Health Net, World Health Organization
Hilda C. Heine, Ed.D., Director, Policy and Capacity Building Pacific Resources for Education and Learning (PREL)
Greg Dever, M.D., Co-Chair, Pacific Island Health Officers Association Committee on Human Resources for Health, Director, Bureau of Hospital and Clinical Services Ministry of Health, Republic of Palau, Director, Palau Area Health Education Center (Palau Community College/John A. Burns School of Medicine)

Break 10:30 – 10:45 am

BREAKOUT SESSIONS - 10:45-12:00pm

Track 1 (CE)
10:45-11:10 am  (Koi Room)
Public Health and the University of Hawai‘i: A Needs Assessment
Jana Lindsey, RN, CMC, Telemedicine Coordinator, Shriners’ Hospitals for Children
Kristen Mitchell-Box, MSPH, REHS, US Public Health Service Environmental Health Officer assigned to Federal Occupational Health.
LEARNING OBJECTIVES:
Upon completion of this presentation, participants will be able to:
1. Know that the School of Public Health Program at the University of Hawai‘i is accredited by CEPH
2. Identify 3 continuing education needs noted by public health workers
3. Identify 3 barriers hindering public health workers from pursuing an MPH
4. Identify 3 strategies to strengthen public health education at UH

11:10-11:35 am  (Koi Room)
UH Public Health Needs Assessment into Action
Lauren Gentry, BA, MPH in progress, University of Hawai‘i
LEARNING OBJECTIVES:
Upon completion of this presentation, participants will be able to:
1. List the recommendations from the student’s needs assessment
2. Identify 3 strategies to increase visibility of and attract new students to public health
3. Discuss actions needed to turn needs assessment into action
Tuesday, June 19 (continued)

11:35 am-12:00 pm (Koi Room)
Developing a Strategic Plan to Rebuild University of Hawai‘i’s School of Public Health
Jay Maddock, Ph.D., Director, Office of Public Health Studies, University of Hawai‘i
LEARNING OBJECTIVES:
Upon completion of this presentation, participants will be able to:
1. Review and discuss the current status and components of the University of Hawai‘i’s Public Health Training Program
2. Distinguish the steps necessary in developing a School of Public Health
3. Track the steps involved in the future planning for the University of Hawai‘i’s Public Health Program

Track 2 (CE)
10:45-11:10 am (Keoni Auditorium)
The 177 Health Care Program’s Primary Care Initiative: A Successful Strategy to Improve Community
Gael S. Lavina, M.D., M.S., Physician-Administrator, and Eleuterio C. Magtangob, M.D., Special Missions Coordinator, 4 Atolls Health Care Program, Marshall Islands
LEARNING OBJECTIVES:
Upon completion of this presentation, participants will be able to:
1. Identify the challenges faced in the implementation of this Initiative
2. Describe the partnerships critical for the success of this strategy
3. Identify the positive outcomes of this Initiative

11:10-11:35 am (Keoni Auditorium)
The Preparation and Use of Community Outreach Workers for the Delivery of Preventive Health Service in Yap
A. Mark Durand, M.D. MPH, Consultant
John Gilmatam, Executive Director, Wa’aab Community Health Center, Yap Department of Health Services, Federated States of Micronesia
LEARNING OBJECTIVES:
Upon completion of this presentation, participants will be able to:
1. Describe the process for creating a preventive services delivery system featuring outreach workers
2. Estimate the costs for setup and delivery of such a system
3. Describe strategies for improving the targeting of services and motivation of outreach workers
4. Describe how to evaluate the impact of an outreach program
Tuesday, June 19 (continued)

11:35 am-12:00 pm  (Keoni Auditorium)
Navigating Management Training for Regional Health Professionals
Laurent Duenas, BSN, MPH, RN, HLATTE Director,
Maria Pangelinan, MBA, HLATTE Marketing Specialist, University of Guam
LEARNING OBJECTIVES:
Upon completion of this presentation, participants will be able to:
1. Understand availability of home grown certified trainers of the Sustainable Management Development Program of the Centers for Disease Control and Prevention
2. Create synergy through effective partnerships with health professionals and other industries
3. Recognize the value of sharing distinctive competencies in small island communities

Track 3   CE
10:45-11:05 am   (Asia Room)
Geographic Information Technological Training for Public Health Professionals
John Casken, RN, MPH, PhD, Director, Office of International Affairs, School of Nursing and Dental Hygiene, University of Hawai'i
Ann M. Sakaguchi, MPH, PhD, Pacific EMPRINTS, University of Hawai'i Manoa
Philip H. Page, MA, Pacific EMPRINTS, University of Hawai'i Manoa
John B. Vogler, MA, Geographic Information Science and Technology Specialist, East-West Center and UH Pacific EMPRINTS
LEARNING OBJECTIVES:
Upon completion of this presentation, participants will be able to:
1. Describe the application of geographic information technologies to public health applications, including several emergency planning and response examples
2. Identify several potential roadblocks and proposed solutions to increasing use of geographic information technologies within the public health workforce
3. Summarize the Pacific EMPRINTS geographic information technologies training program and upcoming opportunities

11:05-11:25 am   (Asia Room)
Environmental Health Training & Workforce Development in Palau
J.M. Sengebau-Kingzio, MPH, Chief, Division of Environmental Health, Ministry of Health, Palau
LEARNING OBJECTIVES:
Upon completion of this presentation, participants will know:
1. How Palau’s environmental health services improved through workforce development
2. How Palau developed its environmental health workforce
3. Ongoing environmental health capacity building programs in Palau
Tuesday, June 19 (continued)

11:25-11:45 am (Asia Room)  
Emerging Issues in Public Health Education  
Dave Dyjack, DrPH, CIH, Dean, Loma Linda University School of Public Health, Loma Linda, California  
LEARNING OBJECTIVES:  
Upon completion of this presentation, participants will be able to:  
1. Characterize the eight emerging cross-cutting competencies in graduate public health education  
2. Describe the relevance and significance of the impending public health certification exam

11:45 am-12:00 pm (Asia Room)  
Informatics and Workforce Development  
Robert L. Seidman, PhD, Associate Director, Graduate School of Public Health, San Diego State University, Pacific Public Health Training Center  
LEARNING OBJECTIVES  
Upon completion of this presentation, participants will be able to:  
1. Define public health informatics, and distinguish it from medical informatics  
2. Provide at least two examples of how informatics may improve public health practice

Track 4 (Pacific Room)  
10:45 am-12:00 pm  
Special Screenings of Pacific Islander Health Promotion Videos  
Hawai‘i State Department of Health, Immunization Program  
Title:  Pre-Arrival Program, 28 minutes (Chuukese, Marshallese, Palauan, Pohnpein)  
Title:  Fighting the Flu, 28 minutes (English, Marshallese, Pohnpein)

12:15 – 1:15 pm Lunch at UH Campus Center - Buffet Style

Tuesday Afternoon, June 19, 2007

Plenary Session – 1:30- 2:15 pm (Keoni Auditorium) (CE)  
Speaker: Sitaleki Finau, M.B.B.S., D. COMM.H., Director Pasifika, Massey University, Albany, Auckland, New Zealand  
Community Health Workers: The Pacificans’ Salvation from a Marginal Health Existence in New Zealand

BREAKOUT SESSIONS -  2:15-3:45 pm

Track 1 (CE)  
2:15 – 2:35 pm (Keoni Auditorium)  
Fiscal Management: The Key to Sustaining Change in Pacific Communities  
Jay Blackwell, M.A., Director, Capacity Building,  
Henry Ocampo, M.P.H., Capacity Building Specialist, Office of Minority Health Resource Center  
LEARNING OBJECTIVES:  
Upon completion of this presentation, participants will be able to:  
1. Relate the importance of fiscal management to the sustainability and administration of public health programs  
2. Recite the basic components of fiscal management  
3. Review their own fiscal strategies for potential weaknesses and inherent strengths
Tuesday, June 19 (continued)

2:35-3:00 pm (Keoni Auditorium)
The Introduction of a Quality Assurance Program for a District Health Service
A. Mark Durand, M.D., MPH, Consultant
LEARNING OBJECTIVES:
Upon completion of this presentation, participants will be able to:
1. Describe the process for creating a quality assurance (QA) program for a district health service
2. Estimate the costs for setup and delivery of such a system
3. Describe ways to maximize the impact of a QA system
4. Describe how to evaluate the impact of a QA program

3:00-3:25 pm (Keoni Auditorium)
Pacific Island Health Care Project (PIHCP); Fifteen Years Experience
Colonel Donald A. Person, M.D., COL, MC, Director, Pacific Island Health Care Project, Tripler Army Medical Center
LEARNING OBJECTIVES:
Upon completion of this presentation, participants will be able to:
1. Develop an understanding of remote medical consultation/referral in the Pacific Basin
2. Recognize barriers to distant medical consultation/referral
3. Appreciate the Pacific Island Health Care Project’s (PIHCP) solution to the problem

3:25-3:45 pm (Keoni Auditorium)
The Process of Developing and Validating Core Competencies of Pacific Community SIDS Educators
‘Eseta Finau, Coordinator Pacific SIDS Program, School of Population Health, University of Auckland, Auckland, New Zealand
LEARNING OBJECTIVES:
Upon completion of this presentation, participants will be able to:
1. Understand the mechanism of SIDS as cause of infant death
2. Understand the significance of ethnic-specific approaches to resolving health problems
3. Appreciate the universal aspects of Pacific specific methodologies and its applications to health of community

Track 2 (CE)
2:15-3:15 pm (Koi Room)
Evolution and Evaluation of Cancer 101: A Cancer Education and Training Program
Katherine Briant, MPH, CHES, National Cancer Information's (NCI) Cancer Information Service, Northwest Region
Zul Surani, BS, NCI's Cancer Information Service, California Region
Angelina Mummert, MPA, NCI's Cancer Information Service, Pacific Region
James Rarick, MPH, NCI's Cancer Information Service, Pacific Region
LEARNING OBJECTIVES:
Upon completion of this presentation, participants will be able to:
1. Describe the burden of cancer for Pacific Islanders
2. Describe the need for Cancer 101
3. Describe the processes used to evaluate Cancer 101
Tuesday, June 19 (continued)

3:15-3:45 pm (Koi Room)
Hoʻokele I ke Ola, Cancer Patient Navigation Training in Hawai‘i
Kaʻohi Dang, BS, ʻImi Hale Native Hawaiian Cancer Network
LEARNING OBJECTIVES:
Upon completion of this presentation, participants will be able to:
1. Describe the Hoʻokele I ke Ola project and its goals
2. Identify 2 benefits of the cancer patient navigation concept
3. Identify 3 lessons learned after the training curriculum was tested

Track 3 (CE)
2:15-3:15 pm (Asia Room)
Kokua Naauao -Learn Through Service: Improving the Health of Native Hawaiians by Incorporating Native Hawaiian Values into Workforce Recruitment and Selection
Palama Lee, LSW, QSCW, Program Director, Native Hawaiian Health Scholarship Program, Hale Na ‘ou Pono
Kamahanahokulani Farrar, MHRM, Health Service Coordinator,
Jane Taʻafaki-Sam, MPA, Education Coordinator, Native Hawaiian Health Scholarship Program
LEARNING OBJECTIVES:
Upon completion of this presentation, participants will be able to:
1. Understand the significance of incorporating Native Hawaiian values into healthcare programs serving Native Hawaiians
2. Identify at least 2 factors affecting the retention of Native Hawaiian health workforce in Hawaiʻi Medically Underserved areas
3. Learn how impact or the improvement of Native Hawaiian health can be indirectly measured through the development of a culturally competent Native Hawaiian workforce

3:15-3:45 pm (Asia Room)
Pacific Health Research Workforce Capability and Capacity Development Initiative
Ofa Dewes, MBA, Research Fellow, University of Auckland
LEARNING OBJECTIVES:
Upon completion of this presentation, participants will be able to:
1. Describe the issues surrounding the Pacific health research workforce
2. Describe the need to grow the critical mass of Pacific health researchers
3. Describe the framework for identifying and advancing the supports for Emerging Pacific Health Researchers

Track 4
2:15-3:45 pm (Pacific Room)
Special Screenings of Pacific Islander Health Promotion Videos
Hawaiʻi State Department of Health, Healthy Hawaiʻi Initiative
Title: 1% or Less is Best, 30 second spot (English)
Title: You Gotta Start Somewhere, 30 second spot (English)
Title: Step It Up Hawaiʻi, 30 second spot (English)
Title: Sport (Play), 30 minutes (English)

3:45-4:00 pm - Break
Tuesday, June 19 (continued)

4:00-5:00 pm - Plenary Session Advancing Primary Care in the Pacific (CE) (Keoni Auditorium)
Moderator: Clifford Chang, Executive Director, Pacific Islands Primary Care Association
Panelists:
Dr. Donald Weaver, Deputy Associate Administrator, Bureau of Primary Health Care, Health Resources and Services Administration (HRSA)
Ms. Linda Unpingco-DeNorcey, MPH, Executive Director, Guam Community Health Center
Mr. John Gilmadam, Executive Director, Wa’ab Community Health Center, Yap, Federated States of Micronesia
LEARNING OBJECTIVES:
Upon completion of this presentation, participants will be able to:
1. Recognize the role HRSA plays in supporting primary health care development in the Pacific
2. Describe how the community health centers in the Pacific have made a difference in the health care delivery system
3. Describe the important role the community plays in the delivery of primary health care via community health centers
4. Identify at least one success story from a Pacific Island community health center in providing quality primary health care services to the medically served population

5:00-6:00 pm Special Dialogue Session (Keoni Auditorium)
Building Health Workforce Capacity in the Pacific: Opportunities for Increased Collaboration between Health and Education Sectors
Moderator: Deane E. Neubauer, Professor Emeritus, Senior Research Fellow, Globalization Research Center, University of Hawai‘i

4:00-6:00 pm Poster Viewing (Garden Level)

6:00 pm Reception (Garden Level)
PRESENTATIONS FOR WEDNESDAY, JUNE 20, 2007

KEONI AUDITORIUM

8:30-10:00 am - Plenary Panel on Data Use and Improvement (CE)
Moderator- Sela Panapasa, PhD, Research Investigator, University of Michigan, Institute for Social Research

8:30-8:45 am
Shawn Malia Kana‘iaupuni, PhD, Director, Strategic Planning & Implementation Trust Coordinator, Charles Reed Bishop Trust, Kamehameha Schools

8:45-9:00 am
Richard Brown, Ph.D., Director, UCLA Center for Health Policy Research

9:00-9:15 am
Kristen Burrows, Bsc, Msc, Public Health Epidemiologist, Ministry of Health, Belau National Hospital

9:15-9:30 am
Mark Durand, M.D., MPH, Consultant, Former Director Yap Area Health Education Center

9:30-9:45 am
Janis Paterson, PhD, Research Head, Division of Public Health and Psychosocial Studies, Auckland University of Technology

9:45-10:00 am
Marguerite Ro, DrPH, Deputy Director, Asian & Pacific Island American Health Forum

LEARNING OBJECTIVES:
Upon completion of this presentation, participants will be able to:
1. Learn about secondary data that are useful to informing the health status of Pacific Islanders
2. Discuss methodological issues pertaining to studying small population groups
3. Appreciate the importance of data to inform health related policies, program development and new research directions on this subpopulation

Break 10:00 – 10:15 am

BREAKOUT SESSIONS - 10:15-11:45am

Track 1 (CE)
10:15 – 10:40 am (Koi Room)
Pacific Diabetes Education Program: Using a Community-Participatory Model to Develop Diabetes Education Materials for Pacific Islanders
Nia Aitaoto, MPH, MS, Program Coordinator, Pacific Diabetes Education Program

LEARNING OBJECTIVES:
Upon completion of this presentation, participants will be able to:
1. Identify key steps in the development and evaluation of culturally appropriate and relevant materials for Native Hawaiians and Pacific Islanders
2. Define community-based participatory program implementation and evaluation principles within the context of an educational intervention
3. Identify ways to involve the community at multiple stages of public health practice
4. Apply the knowledge shared to address their community’s health issues and concerns
Wednesday, June 20 (continued)

10:40-11:05 am  (Koi Room)
Addressing Health Disparities through Nutrition Education for Low-Income Hawai‘i Residents:
A Qualitative Approach
*Katie M. Heinrich, Ph.D., Assistant Professor, University of Hawai‘i, Department of Public Health Sciences*

**LEARNING OBJECTIVES:**
Upon completion of this presentation, participants will be able to:
1. Understand what the Food Stamp Nutrition Education program is and how it is being implemented in Hawai‘i
2. Identify key issues and disparities faced by people who are food stamp eligible in Hawai‘i
3. Identify what the Healthy Hawai‘i Initiative Nutrition Network is and how it aims to address these health disparities in this population

11:05-11:30 am  (Koi Room)
The Burden of Cardiovascular Disease in Hawai‘i: Updated Statistics, Recent Trends and State Profile
*Ann Pobutsky,PhD, Chronic Disease Epidemiologist, Hawai‘i State Department of Health
Joseph Balabis, MPH, CDC Public Health Prevention Specialist, Community Health Division, Hawai‘i State Department of Health*

**LEARNING OBJECTIVES:**
Upon completion of this presentation, participants will be able to:
1. Understand the burden of cardiovascular diseases in Hawai‘i based on the most recent data on deaths (mortality), risk factors (e.g. high blood pressure, high cholesterol, smoking, obesity, sedentary behavior) and preliminary hospitalization data
2. Understand the ethnic, geographic and other relevant health disparities associated with cardiovascular diseases and their risk factors
3. Understand how the Department of Health is using these data to better coordinate with a multitude of community partners on improving the health care delivery system for cardiovascular events

11:30-11:55 am  (Koi Room)
The Real Experience: Youth Empowerment Though an Anti-Tobacco Teen Summit
*Nicole M.Sutton, BA, Project Director, Cancer Research Center of Hawai‘i
P. Haro Arvizu, Research Associate, Cancer Research Center of Hawai‘i*

**LEARNING OBJECTIVES:**
Upon completion of this presentation, participants will be able to:
1. Identify themes for training and skill building with young people to engage and prepare for their participating in public health initiatives
2. Identify strategies to recruit and organize Asian/Pacific Islander youth for public health education programs
3. Integrate youth as participants into their public health initiatives
Wednesday, June 20 (continued)

Track 2 (CE)
10:15-10:35 am  (Asia Room)
*Peer-Based Training for State AIDS Program Directors in India*
Peter Whiticar, MA, Chief, STD/AIDS Prevention Branch, Hawai‘i Department of Health

**LEARNING OBJECTIVES:**
Upon completion of this presentation, participants will be able to:
1. Obtain a better understanding about the complexities and range of challenges posed by the growing HIV/AIDS epidemic in India and about the focus of the new national plan to mobilize the nation
2. Learn how the public health experience of State AIDS Directors in the US can serve as a resource and help inform peer training of State AIDS Program Directors in India
3. Better understand how international training that may appear to be uni-directional can offer a bi-directional learning opportunity valuable to both parties

10:35-10:55 am  (Asia Room)
*Effectiveness of Hawai‘i’s System Exchange Program in Preventing IDU-Related HIV Transmission*
Kara Saiki, MPH, Research Coordinator, and Penny Hirakawa, J.D., Program Director, The CHOW Project

**LEARNING OBJECTIVES:**
Upon completion of this presentation, participants will be able to:
1. Explain basic harm reduction concepts as presented
2. Discuss ways the Hawai‘i syringe exchange program (SEP) works to prevent the spread of blood borne diseases
3. Discuss the cost savings the SEP provides for the state of Hawai‘i

10:55-11:15 am  (Asia Room)
*Epidemiology of Primary and Secondary Syphilis in Hawai‘i 2001-2005*
Alan Komeya, MPH, Disease Intervention Specialist, State of Hawai‘i Department of Health, STD/AIDS Prevention Branch

**LEARNING OBJECTIVES:**
Upon completion of this presentation, participants will be able to:
1. Describe the evolving epidemiology of primary and secondary syphilis in Hawai‘i
2. Identify the major factors that influence the distribution of syphilis in Hawai‘i
3. Describe the co-morbidity rates of syphilis with Human Immunodeficiency Virus
Wednesday, June 20 (continued)

11:15-11:30 am (Asia Room)
Sexually Transmitted Disease Screening Among Juvenile Detainees in Hawai‘i
Adrienne Cadorna, MS, Disease Intervention Specialist, Sexually Transmitted Disease (STD) prevention program, Hawai‘i State Department of Health

LEARNING OBJECTIVES:
Upon completion of this presentation, participants should be able to:
1. Identify three (3) components of the screening program for juvenile detainees
2. Describe five (5) risk factors among female juvenile detainees who were screened for sexually transmitted disease
3. List two (2) reasons to routinely provide sexually transmitted disease screening for juvenile detainees

11:30-11:45 am (Asia Room)
Emergency Contraception Over the Counter Access in Hawai‘i
Angelina M. Ahedo, BA, Graduate Student Intern and Healthy Mothers, Healthy Babies Coalition of Hawai‘i

LEARNING OBJECTIVES:
Upon completion of this presentation, participants should be able to:
1. Assess the availability of Emergency Contraception (EC) OTC in Hawai‘i
2. Identify three levels of EC access in Hawai‘i
3. Identify possible barriers for OTC EC access in Hawai‘i

Track 3 (CE)
10:15-10:40 am (Keoni Auditorium)
From Coalition Input to Community Impact: Comprehensive Cancer Care in Palau
Speaker: Darnelle Worswick, BA, CSATC, Comprehensive Cancer Control Coordinator, Palau Ministry of Health

Upon completion of this presentation, participants should be able to:
1. Describe the Comprehensive Cancer Control Program (CCCP) in Palau
2. Discuss the importance of the Cancer Coalition in helping the community
3. Discuss the role of the Cancer Coalition in supporting CCCP in Palau

10:40-11:05 am (Keoni Auditorium)
Testing the Effectiveness of Cancer Screening Among Men in American Samoa
Toafaeono Williams, M.D., Principal Investigator, American Samoa Community Cancer Network, Assistant Medical Director, Lyndon B. Johnson Tropical Medical Center

LEARNING OBJECTIVES:
Upon completion of this presentation, participants will be able to:
1. Understand the effectiveness of village focus group research
2. Understand the effectiveness of community cancer screening clinics
3. Understand the importance of community partnerships in developing effective education and awareness activities
Wednesday, June 20 (continued)

11:05-11:30 am (Keoni Auditorium)
Breast Health for Micronesian Women: A Needs Assessment
Sara Okubo, MPH, CHES, Community Health Educator, Kalihi-Palama Health Center

3. Describe current challenges and barriers to improving the health and well-being of Native Hawaiian Pacific Islanders and their communities

Break 3:00- 3:15 pm
Wednesday, June 20 (continued)

BREAKOUT SESSIONS - 3:15-4:45 pm

Track 1  (CE)
3:15-4:00 pm  (Asia Room)
Community Engagement and Current Quantitative Research on Youth Violence Prevention in Hawai'i: Studies by the Asian/Pacific Islander Youth Violence Prevention Center
Jennifer Wyatt Kaminski, PhD, CDC/NCIPC/Division of Violence Prevention
H.Ilima Ramseyer, Director of Operations, God’s Country Waimanalo
Bo Keopaseut, BS, Research Associate, University of Hawai'i, Department of Psychiatry
Janice Chang, MA, Psy. Candidate, University of Hawai'i, Department of Psychiatry
Jeanelle Sugimoto, BS, MSFS Candidate, University of Hawai'i, Department of Psychiatry

LEARNING OBJECTIVES:
Upon completion of this presentation, participants will be able to:
1. Describe the community mobilization efforts and quantitative research activities of the Asian/Pacific Islander Youth Violence Prevention Center (University of Hawai'i)
2. Cite the most up-to-date quantitative research results examining Asian/Pacific Islander youth violence
3. List the implications of these results, including those pertaining to program development and derivation of a national prototype for Asian/Pacific Islander youths

4:00-4:45 pm  (Asia Room)
Current Qualitative Research on Health Disparities and Youth Development in Hawai'i: Studies by the Asian/Pacific Islander Youth Violence Prevention Center
Michele Hoover, MS, Public Health Advisor, Centers for Disease Control and Prevention
Ami Scronce, Research Associate, University of Hawai'i, Department of Psychiatry
Tui Lauilefue, BS, Research Associate, University of Hawai'i, Department of Psychiatry
Corey Adler, M.A., University of Hawai'i, Department of Psychiatry
Davis Rehuher, BA, University of Hawai'i, Department of Psychiatry

LEARNING OBJECTIVES:
Upon completion of this presentation, participants will be able to:
1. Describe qualitative research activities of the Asian/Pacific Islander Youth Violence Prevention Center (University of Hawai'i)
2. List the most up-to-date qualitative research results examining Asian/Pacific Islander youth violence
3. Relate the implications of these results, including those pertaining to program development and derivation of a national prototype for Asian/Pacific Islander youths

Track 2  (CE)
3:15-3:45  (Koi Room)
Report on Immunization Survey for U.S.-affiliated Pacific Islands
Gabriel A. Anaya, MPH, Project Officer, CDC/National Center for Immunization and Respiratory Diseases
Wednesday, June 20 (continued)

3:45-4:15 (Koi Room)
A Household Health Survey to Support the Work of a Community Health Center in Yap State, Federated States of Micronesia
A. Mark Durand, MD, MPH, Consultant
John Gilmatam, Executive Director, Wa’ab Community Health Center, Yap Department of Health Services, Federated States of Micronesia

LEARNING OBJECTIVES:
Upon completion of this presentation, participants will be able to:
1. List four purposes for a household health survey
2. Describe how a household survey can be used to direct the activities of a community health center
3. Describe how household survey results can be used to inform community members of prevailing health conditions and opportunities for health improvement projects

4:15-4:45 pm (Koi Room)
Cost Benefit Considerations of Preventing Elderly Falls Through Environmental Modifications to Homes in Hana, Maui
Lorrin Pang, MD, MPH, District Health Officer, Maui

LEARNING OBJECTIVE:
Upon completion of this presentation, participants will be able to:
1. Participants will describe methods for improving safety outcomes for the elderly which have ultimately proven to be cost effective

Track 3 (CE)
3:15-3:45 pm (Keoni Auditorium)
Values in Evidence-Based practice: Challenging Science for Equity and Social Justice
Sitaleki Finau, MBBS, D.COMM.H, Director Pasifika Massey University, Auckland, New Zealand

3:45-4:15 pm (Keoni Auditorium)
The Socioeconomic Impact of a New Medical School in Waianae
Ricardio Custodio, MD, MPH, Medical Director, Waianae Coast Comprehensive Health Center, Waianae, Hawai‘i

LEARNING OBJECTIVES:
Upon completion of this presentation, participants will be able to:
1. Understand the pending physician shortage in primary care, especially in relation to healthcare for the underserved
2. Gain knowledge of Community Health Centers, specifically Waianae Coast Comprehensive Health Center (WCCHC) and the role it plays in serving the community and Leeward Coast economic development

1. Describe trends and consequences of use of areca (betel) nut – with and without tobacco
2. Cite recommendations to ameliorate the negative health consequences of betel nut use – international, national, and local initiatives

11:30 am-12:15 pm
Preparing for Emerging and Re-emerging Infectious Diseases
Dr. Thierry Jubeau, Secretariat for the Pacific Community

12:30 – 1:30 pm Lunch at UH Campus Center – Buffet Style
Thursday, June 21 (continued)

Thursday Afternoon, June 21, 2007

1:45-3:45 pm (Keoni Auditorium)
Invited Panel Presentation and Networking Session: (CE)
Faith-based Health Interventions
Moderator: Nia Aitaoto, MPH, MS, Program Coordinator, Papa Ola Lokahi
Panel Members:
Tugalei Soa, Samoan Community in Hawai‘i
Christina Stinnett, Federated State of Micronesia - Chuuk State
Ofa Dewes, MBA, Research Fellow, Obesity Prevention in Communities, University of Auckland
Debra Oto-Kent, Executive Director, Health Education Council, Sacramento CA
Rev. Elaine Walters, National African American Tobacco Education Network
Father Ryan P. Jimenez

LEARNING OBJECTIVES:
Upon completion of this presentation, participants will be able to:
1. Gain knowledge of various faith-based programs in Hawai‘i and the Pacific
2. Identify the process used to outreach to Native Hawaiian and Pacific Island communities through churches
3. Apply the knowledge shared to address concerns in their communities
Thursday, June 21 (continued)

Training/Networking Sessions:

Session 1:
1:45-3:15 pm (Asia Room)
HRSA Office of Performance Review (OPR): An Overview of the Performance Review Process
Wayne E. Sauseda, Division Director,
Gor Yee Lum, MPH, Public Health Analyst, San Francisco Regional Division, OPR
LEARNING OBJECTIVES:
Upon completion of this presentation, participants will be able to:
1. Understand the purpose and mission of the HRSA Office of Performance Review (OPR)
2. Understand HRSA's approach to Performance Reviews
3. Become familiar with the OPR performance review process

Session 2:
1:45-3:15 pm (CE) (Koi Room)
Presentation on the Automated Emergency and Disaster Planning Tool (ADEPT) CDC, Office of Terrorism Preparedness and Emergency Response
Paul J. Giannone, MPH, Senior Operations Management Consultant, Centers for Disease Control and Prevention
LEARNING OBJECTIVES:
Upon completion of this presentation, participants will be able to:
1. Describe the history and accomplishments of ADEPT planning in the Pacific, current use of ADEPT in planning and discuss future domestic and international uses of ADEPT
2. Describe the evolution of ADEPT planning and how ADEPT can be used for a variety of emergency planning and response needs
3. Utilize the web based version of ADEPT

Session 3:
2:15-3:45 pm (Pacific Room)
Association of State and Territorial Chronic Disease Directors - Networking meeting for Chronic Disease Program Managers working in the Pacific.

3:45 pm - Closing Session

4:30—6:00 pm Hawai'i Public Health Association Annual Meeting and Mixer (Wailana)

Special Guest Speaker:
Dr. Linda Degutis, DrPH, MSN, President-Elect, American Public Health Association,
Associate Professor of Emergency Medicine and Public Health, Yale University

* This meeting is open to all public health professionals who work in Hawai'i, as well as to those who work in or serve other Pacific Island Countries and Territories.

Pupus and refreshments will be served.
SPONSORS
The Hawai‘i Public Health Association and the Asian & Pacific Islander American Health Forum wish to thank the many agencies and organizations for making this conference possible through their financial support.
Mission Statement

Working to protect and promote personal, community, and environmental health through the exercise of leadership among public health professionals and the general public in health policy development and action.

Linking Hawai‘i and Pacific Island communities with the belief that health is achieved through the prevention of disease and the promotion of well-being with optimal physical, psychological, economic, and social environments and the strong interrelationship between health and quality of life.

The Asian & Pacific Islander American Health Forum is a national advocacy organization dedicated to promoting policy, program, and research efforts to improve the health and well-being of Asian, Native Hawaiian, and other Pacific Islander (AA, NHOPI) communities. APIAHF approaches activities with the philosophy of coalition-building and developing capacity within local AA, NHOPI communities.

Mission Statement

Our mission is to promote improvement in the health status of all Asian Americans, Native Hawaiians, and other Pacific Islanders in the United States.
